

# GuestCall IQ® Pager

Guest Paging System

Our GuestCall IQ pager is a leap forward in paging technology that improves restaurant efficiency.

This sleek digital paddle pager frees customers to wander nearby while waiting for their table. You can also brand and promote services with the pager's customizable insert.

Save time and money as you will forever change the way you program, stock and reorder guest pagers. With the touch of a button, our revolutionary, patent- pending technology will automatically renumber all of your pagers at once.
